

# R Module 1 Rubric

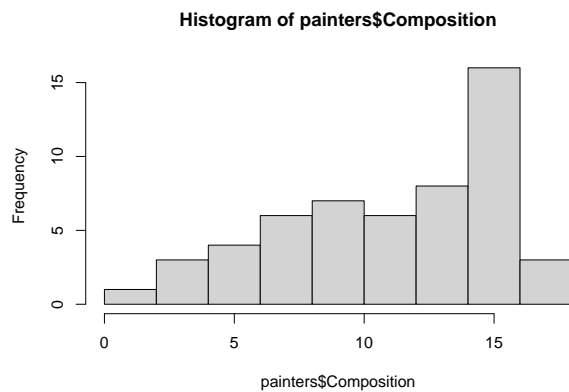

This R module is pretty simple; there aren't that many difficult questions. Students should mostly just be able to load and run R Studio.

```
# Load data
library(MASS)

head painters)
```

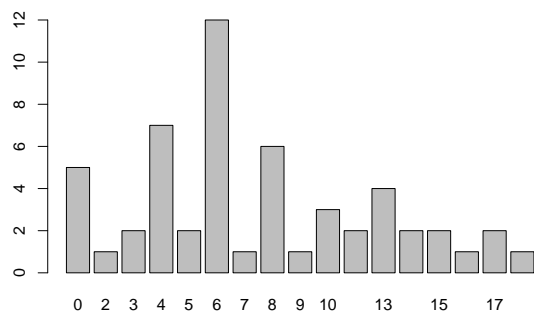

Question 1:

```
hist(painters$Composition)
```

Question 2:

```
barplot(table(painters$Expression))
```

Question 3:

```
pie(table(painters$School))
```
